

# Toxicity Certification Checklist

**Your application package will not be processed and will be returned if any of the following items are missing:**

- 9 A completed, dated, and signed application.
- 9 A letter designating a laboratory director with the proprietor's signature.
- 9 A check for \$125.00 made payable to ASCDHEC@.
- 9 Start-up data inclusive of completed culture and test records, bench sheets, instrument calibration records (pH, DO, residual chlorine, conductivity), reference toxicant and/or baseline data, food (YCT & algae) preparation records, etc.
- 9 Laboratory Standard Operating Procedure (SOP) manual with QA plan which includes specific criteria for SC toxicity testing.
- 9 Acceptable Proficiency Testing (PT) sample results for each method requested.

Please Note that the laboratory must obtain and maintain concurrent certification for the following parameters under the Clean Water Act : pH, dissolved oxygen (DO), alkalinity, specific conductance, hardness, and residual chlorine.

If you have any questions concerning the application process and/or toxicity certification, please call this office at (803) 896-0970.
